Dear Lesley

I am pleased to advise that the Public School Review of Mount Lawley Senior High School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review for your school has been determined through your self-assessment submission and validated by the review team as three years. The review will be undertaken in Term 4, 2023.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

There is strong evidence that the strategic intent of the school is founded on the belief that a unified purpose in a culture of continuous improvement will enhance the school's progression from 'good to great'. The review was able to validate that such a culture is well on the way to being embedded. It stands you in good stead for continued development.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Stephen Baxter
