The Mount Lawley Senior High School P&C Association creates a welcoming, respectful and inclusive environment that fosters a sense of community. We invite you to bring your experience as parents and carers, and become part of our school community.

Multiple sources say that one of the best ways to support children's learning, development and well-being is for their parents or carers to be involved in their school.

For example, it may help them;

- perform better at school
- settle better into school programs
- feel valued and important because their parents/carers are taking an interest in their lives
- develop positive social skills by watching parents/carers and school staff
- settle better into school programs and have better social, physical and emotional wellbeing.

The P&C provides a wonderful opportunity to meet people and collaborate towards a common goal and have fun along the way. We encourage you to take some time to get involved to help your child. Choose your level of involvement. We have many options; supporter, occasional helper or committee member. You'll get support from current members, and we will be grateful for you to contribute some of your valuable time.

You can be part of any of one of our committees:

- General Committee (oversees sub-committees)
- Parent engagement committee (PEC)
- Gifted and Talented (GAT) Languages
- Lawley Art Auction
- Music
- Specialist Visual And Performing Arts (SVAPA)

Meeting days and times for each committee are listed on our website, as well as the calendar on the school's website.

Consider this... If everybody thinks somebody else will do it, nobody will. Not experienced? Not enough time? Whatever the excuse, put it aside and step up. Your involvement will make a difference and will be greatly appreciated.

By getting involved, you'll have the opportunity to get to know our teachers and systems more closely. These personal connections help build a deeper understanding of our school community, and the networking you gain along the way can benefit you in many ways.

We rely on the energy and ideas of new parents and carers. As students move on, so too do their families—so don't hold back. We need you, and your children need you too.

P&C-funded initiatives include the School Diary, the Year 6 Orientation Day parents and carers' morning tea, and the installation of various tables and benches throughout the school grounds.
